Application/Control Number: 10/593,228

Art Unit: 3748

Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Many claimed elements do not have clear antecedent basis. For example, "The thermal hydro-machine" on line 1 of claim 1, "the mobile rotational heat exchanger" on line 3 of claim 1" .etc. Please recheck all claims to correct all similar errors.

Many elements are multiple included. For example, the phrase "working wheel (8)" on lines 19, 21, 22, of claim 1 should be used with "the" or "said" because "working wheel" already recited before on line 11 of claim 1. Please recheck all claims to correct all similar errors.

Many phrases are inside parentheses, for example "(Figure 1 and 2)" in claims 2-3, "(such as ... mechanism)" in claim 4. It's unclear if said phrases are parts of the claims or not.

Terms "such as" should not be used in claim language.

In claim 1, line 2, the word "consists" should be changed to "comprises" to avoid confusion.

Claims 1-8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Dibrell, Mitchell, Gamble et al, and Rattray et al disclose systems with rotating heat exchangers.

Art Unit: 3748

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Examiner Nguyen whose telephone number is (571) 272-4861. The examiner can normally be reached on Tuesday--Friday from 12:30 AM to 10:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas E. Denion can be reached on 571-272-4859. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
